

Working in partnership with
Wycombe Wanderers FC

The Client

Wycombe Wanderers FC are an English professional football club who were seeking promotion in season 19-20 from the English Football League Division 1. They had been successful in reaching the semi-final of the EFL Division 1 play-offs. Exclusive Contract Services helped Wycombe and the team on their journey to the Championship.

The Plan

Exclusive spoke to Wycombe less than a week before the Semi-Final against Fleetwood Town FC as the game had to be played behind closed doors due to the Covid-19 pandemic. The club had a series of EFL professional hygiene pandemic requirements and criteria to follow in order to have the game passed as being playable under the lockdown requirements.

The Plan (continued)

In just 9 hours Exclusive's Specialist Services Team sanitised the Wanderers' stadium and home ground Adams Park before The EFL semi-final game which Wycombe won 6-3 on aggregate & set the team on course for the League One final at Wembley against local rivals Oxford United.

A subsequent 2-1 victory saw Wycombe reach the second tier of English football for the first time in its 133-year history!

The deep clean of the Wanderers' 10,000-capacity stadium took in club dressing rooms, players' entrance, medical areas and boxes, boardroom, subs benches and nearby seating followed by full surface swab ATP testing of the completed job. Measurability is vital to effective cleaning and the ATP technology Exclusive used enabled the team to determine the efficiency of our work in real time as well given the Wycombe Wanderers facilities team and the EFL complete confidence that the required standards of hygiene had been achieved.

Throughout the day at Adams Park, the Specialist Services team cleaned, took readings, disinfected, took further readings and if a surface needed further attention, the cleaning process was repeated until a reading was attained confirming it being clean and ready-to-use.

“Exclusive Contract Services Ltd have now been awarded a new HQ Theatre in Wales and have also agreed a new three-year contract with more than a year to run on our existing agreement..”

LOREM IPSUM

The Result

The team at Wycombe were so pleased with results of the Exclusive proactive approach that we are now completing all pre-match cleans. We have just completed a full hospitality and kitchen deep clean and have recently agreed a new three contract to complete all stadium and match-day hospitality cleaning for the club as they commence their well-earned adventure in the EFL Championship.
